### Professional Summary

Experienced Frontend Developer with a strong background in HTML5, CSS3, JavaScript, Angular, Ajax, AngularJS, Java, SQL Database, JSP, Git, Bitbucket, Jenkins, and XML. Proven track record of delivering scalable web solutions, collaborating with cross-functional teams, and staying updated with industry trends. Adept at implementing best practices for optimal website performance.

### Education

Bachelor of Computer Applications, VLB JANAKIAMMAL COLLEGE OF ARTS AND SCIENCE (MAR 2017 - APR 2020)

### Skills

Languages : HTML,CSS3, JavaScript, TypeScript, Java, C#, Python, Data Structures

Frameworks : AngularJS (1.5), Angular (14.9,17), Remix, Prime Ng, Material-UI

Libraries : ReactJs, JQuery, Bootstrap , Redux

Databases : MySQL

Architecture : MVC

Dev Tools & Technologies: Git, Bit Bucket, Azure Devops, Jenkins, RLM, Vs Code, Eclipse ide, notepad ++, Business intelligence, Node ,Cyber security, Node.js, UAT,Postman,Restful APIs

Methodologies : SAFE Agile Methodology, waterfall

Certifications & Training : Oracle certified java se 8 developer ,MS -excel ,software testing

### Work Experience

**Front End Developer | Tata Consultancy Services (Oct 2020 – Feb 2024)**

#### \*Citi bank NA

\*Successfully completed Angular application activities within specified deadlines, ensuring timely project delivery.

\*Collaborated with team members to ensure smooth execution and adherence to project goals and timelines.

\*Recognized with an On-the-Spot Award for consistently meeting project deadlines and delivering high-quality work.

\*Utilized Remix application features to streamline development processes and boost productivity.

\*Acknowledged for outstanding communication skills, facilitating team collaboration and early project milestone achievement.

\*Improved Page Load Time: Achieved a 20% reduction in Angular application page load time through code optimization, lazy loading, and Angular's performance techniques.

\*Participated in product releases and code reviews with four senior developers and team leads.

\*Worked with design, product, and back-end teams to create GDPR & ACS2 web products.

\*Collaborated with six other team members and four stakeholders to develop new user-facing features.

\*Worked in an Agile, collaborative environment to receive design requirements, peer program, and test applications.

\*Implemented Agile Development methodologies and principles.

\*Integrated 3D Graphics and Augmented Reality components into web applications to enhance user experience.

\*Explored Client Side development techniques to create interactive interfaces and engage users effectively.

- \*Contributed to Creative Visions by proposing innovative solutions and designs for project requirements.
- \*Ensured Cross-Platform Development compatibility to reach a broader audience across various devices.
- \*Engaged in Graphics Development to optimize visual elements and enhance application aesthetics.
- \*Applied Mobile Devices optimization strategies to ensure seamless performance on smartphones and tablets.
- \*Contributed to Platform Development by implementing scalable solutions and optimizing performance.
- \*Utilized Programming Languages such as React and React.js to develop dynamic user interfaces.
- \*Implemented Rendering techniques to enhance visual quality and performance of web applications.
- \*Engaged in Research And Development activities to explore new technologies and improve existing systems.
- \*Implemented Technical Implementations to integrate complex functionalities into web applications.
- \*Leveraged Three.js to create immersive 3D experiences and interactive visualizations.
- \*Prioritized User Friendly design principles to ensure intuitive user experiences and smooth interactions.
- \*Explored Virtual Reality technologies to create immersive and engaging user experiences.
- \*Implemented Visual Effects to enhance the visual appeal and interactivity of web applications.
- \*Explored Volumetric Rendering techniques to create realistic three-dimensional graphics.
- \*Leveraged Vue.js to develop responsive and dynamic user interfaces.
- \*Engaged in Web Developer responsibilities to design, develop, and deploy web applications.
- \*Integrated WebGL technology to leverage hardware-accelerated 3D graphics rendering capabilities.

**\* MetLife Digital:**

- \* Successfully migrated an existing legacy web application to Remix JS, enhancing its functionality, and incorporating new features.
- \* Ensured Angular applications meet WCAG 2.1 AA standards, enhancing usability for users with disabilities.
- \* Boosted Angular app responsiveness and interactivity, assessed through user feedback and testing.
- \*Lowered reported bugs in Angular apps via thorough testing methodologies.
- \* Implemented appealing design principles, UX designs, and UI interfaces.
- \* Collaborated effectively with designers to implement email designs.
- \* Maintained version control for efficient development processes.

**\*TCS SEAL R&I:**

- \* Developed Angular OCR application, enabling efficient optical character recognition capabilities within web environments.
- \* Conducted comprehensive testing and integration efforts for Angular applications, ensuring seamless functionality and optimal performance.
- \* Implemented performance enhancements and improved responsiveness in Angular applications, enhancing user experience and satisfaction.
- \* Identified and implemented dynamic web solutions in accordance with company standards and best practices.
- \* Demonstrated technical leadership in API integration and RESTful state management.
- \* Ensured development environment and design specifications align with responsive design principles.
- \* Leveraged strong interpersonal skills to collaborate effectively with designers and implement email designs.

\* Designed and implemented user interfaces with a focus on UX/UI principles.

### Strength

---

Problem Solver: Achieved a 20% improvement in application performance.

Effective Communicator: Aligned cross-functional teams by clearly communicating project requirements and updates.

Collaborative Team Player: Supported team members, shared knowledge, and fostered innovation through active participation in meetings and code reviews.

### Languages Known

---

English -read, write, speak

Arabic – read, write,

Malayalam- read, write, speak

Tamil- read, write, speak
